PROFILE

Motivated Diploma student in Electronics and Computer Engineering with a strong interest in programming, embedded systems, and electronics projects. Possesses foundational knowledge in C, C++, SQL, and web development. Eager to apply technical skills in real-world projects and continuously learn emerging technologies.

SKILLS

- Programming: C, C++
- Web Development: HTML, CSS (Basic), JavaScript (Basic)
- Database: SQL (Basic)
- Electronics: Microcontroller Basics, Circuit Design
- Tools: Basic knowledge of IDEs and simulation tools

PROJECTS

Touchless Hand Sanitizer System

- Designed an automatic sanitizer dispenser using IR sensors
- Eliminates physical contact to improve hygiene
- Implemented basic embedded system logic using microcontroller concepts
- Useful in public places like schools, offices, and hospitals

Inter college hackathon (global pay PWA)

- Developed a Progressive Web Application (PWA) for digital payments using Blockchain technology
- Built responsive frontend using HTML, CSS, and JavaScript
- Implemented backend functionalities using Express.js
- Designed secure and user-friendly payment features for smooth transactions
- Worked in a team environment during inter-college hackathon competition
- Focused on improving transaction security, speed, and accessibility

EDUCATION

Diploma in Electronics and Computer Engineering
Vidyalankar Polytechnic, Mumbai (2024 – 2027)

SSC

Karmaveer Bhaurao Patil Vidyalaya (72.40%)

CERTIFICATIONS

- Basic SQL Certification
- Basic C++ Programming Certification

LANGUAGES

English, Hindi, Marathi

AREA OF INTEREST

Programming, Electronics Projects, Embedded Systems, Web Development
